Executive Corporate Officers' compensation

Charenton-le-Pont, France (October 12, 2022) – In accordance with the AFEP-MEDEF Corporate Governance Code, EssilorLuxottica discloses the decisions taken by the Board of Directors concerning the granting of long-term incentive instruments to Executive Corporate Officers.

Pursuant to the resolutions approved by the Extraordinary Shareholders' Meeting of May 21, 2021 (15th resolution), the Board of Directors of EssilorLuxottica decided on October 6, 2022 to grant performance shares corresponding to a maximum of 2,209,425 shares to approximately 15,000 beneficiaries.

Shares granted to Executive Corporate Officers

Pursuant to the Executive Corporate Officers' compensation policy approved by the Combined Shareholders' Meeting of May 25, 2022 and presented in EssilorLuxottica's 2021 Universal Registration Document (pages 131-141), and on the recommendation of the Nominations and Compensation Committee, the Board of Directors decided to grant:

- 50,000 performance shares to Francesco Milleri, Chairman and Chief Executive Officer¹,
- 35,000 performance shares to Paul du Saillant, Deputy Chief Executive Officer².

The vesting of the shares is subject to the grantee's continued presence in the company, and to performance conditions designed to align the interests of the beneficiaries with those of EssilorLuxottica's shareholders, as described below.

The vesting period will be three years from the grant date. For all beneficiaries, in the event of retirement, disability or death during the vesting period of the performance shares, this employment condition will be deemed satisfied, in accordance with the plan's terms. In the event of non-renewal of a term of office for a reason other than misconduct during the vesting period of the performance shares, the Board of Directors may decide to remove the employment condition, and provide a valid reason for its decision. The Board of Directors' decision is announced at the time of departure.

The number of shares that vest will be determined on the basis of (i) the annualized growth in the EssilorLuxottica share price and (ii) trends in the EssilorLuxottica share price in relation to the Euro Stoxx 50 index over the three-year vesting period, as shown in the table below.

¹ Corresponding to 2.3% of the total number of shares granted and 0.011% of the Company's share capital at September 30, 2022.

² Corresponding to 1.6% of the total number of shares granted and 0.008% of the Company's share capital at September 30, 2022. Each of these awards is therefore lower than the limit set at 3.5% of the total awards for the year, as provided in the 2022 Compensation Policy.

The Chairman and Chief Executive Officer and the Deputy Chief Executive Officer must hold the equivalent of at least 400% of their fixed annual compensation in EssilorLuxottica shares. Once they are appointed, they must acquire these shares within five years.

Moreover, they are required to keep, for the duration of their term of office, one-third of their vested performance shares. This requirement to hold shares no longer applies when they hold a number of EssilorLuxottica shares representing an amount equivalent to 400% of their annual fixed compensation. The annual fixed compensation used as a reference is that for the year during which the Executive Corporate Officer intends to sell performance shares.

In accordance with the AFEP-MEDEF Code, the Executive Corporate Officers have undertaken not to use any hedging strategies to manage the risk related to the shares granted until the expiration of their term of office.

October 3, 2019 performance share plan

On October 3, 2019, the Board of Directors decided to implement a performance share plan.

The vesting of the shares under the plan was linked to a presence condition and the achievement of a performance condition applicable to all beneficiaries of the plan, as well as a specific performance condition applicable only to Executive Corporate Officers.

The performance condition applicable to all beneficiaries related to annualized growth in the share price, which had to be equal to or greater than 7% for all the shares initially granted to vest.

As a reminder, the performance scale was as follows:

|---|--|---|

Therefore, on October 3, 2022, a total of 1,411,000 shares were delivered to beneficiaries, including 26,600 to Francesco Milleri and 22,804 to Paul du Saillant. On the award date, Francesco Milleri and Paul du Saillant were not Executive Corporate Officers of the Company and were therefore not subject to the second specific performance condition applicable only to Executive Corporate Officers.
